

One Step Truck Wash

Superior cleaning abilities from a cost effective product. One Step Truck Wash is fully soluble with water even at low temperatures. Prevents fouling of wash system lines. Will not harm truck finishes, chrome, and aluminum trim.

Dilution

Dilution rates range from 30 to 150:1 with water depending upon temperature of water and spray nozzle pressure.

Application

- Automatic truck wash, high pressure wand & hand applied.

Technical Data

Appearance: Light Gold Liquid
 Odor: Mild Alkali
 Foaming: High
 pH: 14.0
 Stability: Good

Storage Instructions

Wear all appropriate Personal Protective Equipment (PPE). Wear respiratory protection or ensure adequate ventilation at all times as vapors can accumulate in confined or poorly ventilated areas. Avoid aerosolizing product. Use the product in a manner which minimizes splashes and/or the creation of dust. Keep containers closed when not in use. Store at room temperatures, i.e., 40 to 95 F (4 to 35 C). Do not allow concentrated product to come in contact with aluminum. Product may become unstable if cooled below 40°F. Keep product warm and above bare concrete floors. If product becomes unstable, add hot water and mix well. Product can be used if thawed properly. Store in a cool location. Provide ventilation for receptacles. Store away from foodstuffs. Do not store together with acids. Store in cool, dry conditions in well sealed receptacles. Keep container tightly sealed.

Product Code

A013

Safety
