

# Ceramic Tile Cleaner

Ceramic, porcelain and stainless steel cleaner.

## Directions

**Toilet cleaning:** Remove water from bowl. Saturate mop with cleaner and swab bowl including under rim at water outlets. Flush and rinse mop.

**Urinals:** Remove water from bowl. Saturate mop with cleaner and swab bowl including under rim at water outlets. Flush and rinse mop.

**Bathtubs, Wash Basins, Shower Stalls, Drinking Fountains:** Dilute Porcelain and Grout Cleaner with 3 parts water and clean the surface; rinse well with water when completed.

**Stainless Steel Equipment:** To clean counter tops and refrigerators dilute with 3 parts water and clean. Rinse well with water and follow with a dry cloth to polish.

## Application

Hand applied on ceramic and porcelain and stainless steel surfaces.

## Technical Data

Appearance: Clear liquid

Odor: Mild acidic

pH: <1

Stability: Good

## Storage Instructions

Wear all appropriate Personal Protective Equipment (PPE). Wear respiratory protection or ensure adequate ventilation at all times as vapors can accumulate in confined or poorly ventilated areas. Avoid aerosolizing product. Use the product in a manner which minimizes splashes and/or the creation of dust. Keep containers closed when not in use. Store at room temperatures, i.e., 40 to 95 F (4 to 35 C). Store in a cool location. Provide ventilation for receptacles. Store away from foodstuffs. Do not store together with alkalis. Store in cool, dry conditions in well sealed receptacles. Keep container tightly sealed. Product may become unstable if cooled below 40°F. Keep product warm and above bare concrete floors. If product becomes unstable, add hot water and mix well. Product can be used if thawed properly.

## Product Code

A034

## Safety
