

Power Wash

Power Wash is a highly effective non-acidic cleaner for all concrete and many masonry surfaces. Power Wash can be successful in removing light to moderate soiling, biological fouling, most grease and oil deposits, rubber heel marks, some oxidation stains and certain other surface deposits. It is highly effective in cleaning commercial tile and grout.

Directions

Power Wash is most effective when applied by low-pressure spray. Brush application and agitation may prove helpful on some surfaces. Dwell times are from 5 to 30 minutes. Do not let the cleaner dry on surfaces; mist with water or diluted cleaner to keep the surfaces wet. Removal of the cleaner and contaminant can be accomplished most successfully with pressure washing equipment. If only garden hose rinsing is available light scrubbing or brooming during rinsing may be required. A thorough rinsing is required.

Application

Useful in removing light to moderate soiling, biological fouling, most grease and oil deposits, rubber heel marks, some oxidation stains and certain other surface deposits. It is highly effective in cleaning commercial tile and grout.

Technical Data

Appearance: Clear Liquid
 Odor: None
 Biodegradable: Yes
 Stability: Stable

Storage Instructions

Wear all appropriate Personal Protective Equipment (PPE). Wear respiratory protection or ensure adequate ventilation at all times as vapors can accumulate in confined or poorly ventilated areas. Avoid aerosolizing product. Use the product in a manner which minimizes splashes and/or the creation of dust. Keep containers closed when not in use. Store at room temperatures, i.e., 40 to 95 F (4 to 35 C). Do not allow product to come in contact with aluminum. Store in a cool location. Provide ventilation for receptacles. Store away from foodstuffs. Do not store together with acids. Store in cool, dry conditions in well sealed receptacles. Keep container tightly sealed.

Product Code

A166

Safety

Hazard statements:

Causes severe skin burns and eye damage

Signal Word: DANGER

Precautionary statements:

Wear protective gloves/protective clothing/eye protection/face protection. Wash hands and equipment thoroughly after handling. Do not breathe mist/vapors/spray. **IF ON SKIN (or hair):** Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting.
