

144 Carpet Extraction Concentrate

144 Carpet Extraction Concentrate is formulated with outstanding anti-redeposition properties. It is pH neutral, phosphate free and bleach free. It is very low foaming, allergen reducing and is biodegradable. The excellent cleaning efficiency of 144 improves indoor air quality. It is an “embrittling” formulation designed to aid in the removal of allergens by vacuuming after cleaning is complete. 144 contains a dirt shield to keep carpets cleaner longer.

Preparation

All projects should start with a test application to determine the suitability of the cleaner, acceptable application methods and dilution ratio. Test areas of at least ten square feet are recommended and should involve the worst area of soiling. When possible, the test area should be left to age for 10 or more days to check for possible adverse reactions.

Dilution and Coverage

Dilute 1 part product to 20 parts water for heavy soil, 1 part product to 30 parts water for medium soil and 1 part product to 40 parts water for light soil.

Application

This product is designed for use in carpet extraction machines but can also be used in a bonnet cleaner with a separate rinsing/extraction machine. Once carpet clean and completely dry, vacuum well to reset pile and remove any last traces of soil. Safe for use on wool carpets.

Technical Data

Appearance: Milky White Liquid
pH: 6-8
Stability: Good
Odor: Mild Ammonia

Product Code

A509

Safety

Hazard statements:

Causes mild skin irritation. Causes serious irritation.

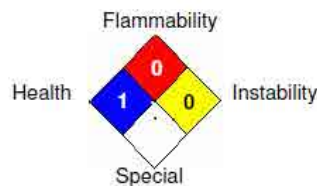

WARNING

Precautionary statements:

Wear protective gloves/protective clothing/eye protection. Immediately call a POISON CENTER or doctor/physician. Wash hands and equipment thoroughly after handling. **IF IN EYES:** Rinse continuously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF ON SKIN:** Wash with soap and water. If skin irritation occurs; get medical attention. Store in a well ventilated area, keep cool.
