

# Tar Remover

A powerful natural citrus asphalt and tar remover that is ready to use. A solvent based formulation designed for fast action on contact with asphalt and tar.

# Directions

Apply by brushing on and allow to penetrate until tar is soft. Follow up with a pressure wash of water to flush away deposits. Can be used on vertical and horizontal surfaces.

### Application

Recommended for use on: cars, concrete, brick, masonry, metal (unpainted), ceramic tile, aluminum, paving equipment, trailers, heavy construction equipment, tools, trucks, sidewalks, curbs and roofing. Apply with mops, brushes or pressure sprayers. For spot removing on cars, apply to a rag and wipe tar spots off. Wash vehicle after spot is removed.

#### **Technical Data**

Appearance: Clear to amber liquid Odor: Strong citrus pH: 7 Biodegradable: Yes Stability: Good

### Storage Instructions

Wear all appropriate Personal Protective Equipment (PPE). Wear respiratory protection or ensure adequate ventilation at all times as vapors can accumulate in confined or poorly ventilated areas. Use the product in a manner which minimizes splashes and/or the creation of dust. Keep containers closed when not in use. Do not handle or store material near heat, sparks, open flames, or other sources of ignition. Store at room temperatures, i.e., 40 to 95 F (4 to 35 C). Store in a cool location. Provide ventilation for receptacles. Store away from foodstuffs. Store away from oxidizing agents. Do not store together with acids. Store in cool, dry conditions in well sealed receptacles. Keep container tightly sealed.

# **Product Code**

A772

## Safety

## Hazard statements:

Causes mild skin irritation. Causes serious eye irritation.

## Signal Word: DANGER

### **Precautionary statements:**

Keep away from heat/sparks/open flames/hot surfaces - No smoking. Keep container tightly closed. Ground/bond container and receiving equipment.
