

B142 V-1 Tire Shine

High performance thick solvent based silicone tire dressing.

Directions

Specially formulated to be applied with mechanical tire shine applicators. Protects against ozone and ultraviolet deterioration. Pleasant odor, non-toxic, non-flammable and non-corrosive. Do NOT use on floors or fabrics.

VOC Content: This material is formulated to meet the Pennsylvania (OTC) regulations for tire shines.

Application

Specially formulated to be applied with mechanical tire shine applicators. Protects against ozone and ultraviolet deterioration. Pleasant odor, non-toxic, non-flammable and non-corrosive. Do NOT use on floors or fabrics. VOC Content: This material is formulated to meet the Pennsylvania (OTC) regulations for tire shines

Technical Data

Appearance: Clear Liquid
Odor: Mild
Stability: Good

Storage Instructions

Wear all appropriate Personal Protective Equipment (PPE). Wear respiratory protection or ensure adequate ventilation at all times as vapors can accumulate in confined or poorly ventilated areas. Use the product in a manner which minimizes splashes and/or the creation of dust. Keep containers closed when not in use. Do not handle or store material near heat, sparks, open flames, or other sources of ignition. Store at room temperatures, i.e., 40 to 95 F (4 to 35 C). Store in a cool location. Provide ventilation for receptacles. Store away from foodstuffs. Store away from oxidizing agents. Do not store together with acids. Store in cool, dry conditions in well sealed receptacles. Keep container tightly sealed.

Product Code

B142

Safety
