

Rain Wash[®] Solar Panel Cleaner

SDS

Ready to use cleaner for solar panels.

Solar panels require routine cleaning to maintain optimal efficiency. Over time solar panels will build up a film or amounts of organic material which will reduce the capacity of power generation.

Directions (Nature's Cleaning)

Simply spray on Rain Wash[®] Solar Panel Cleaner on to the solar panels prior to a rain storm and let nature clean and restore power efficiency to the solar panels.

Directions (Scheduled Cleaning)

If no rain is forecast, just spray on Rain Wash[®] Solar Panel Cleaner, wait 15 minutes and then rinse off with a low pressure water spray

Rain Wash[®] Solar Panel Cleaner is non-hazardous, biodegradable and does not contaminate storm water runoff.

Precautionary statements:

There are no GHS ratings that apply to this product at this time. Preexisting skin, eye, and respiratory disorders may be aggravated by exposure to this product

Product Contains:

Propylene Glycol

First aid measures

General information: No special measures required.

After inhalation: Supply fresh air; consult doctor in case of complaints.

After skin contact: Clean with water and soap. If skin irritation is experienced, consult a doctor.

After eye contact: Remove contact lenses if worn. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

After swallowing: Rinse out mouth and then drink plenty of water. Do not induce vomiting; call for medical help immediately.

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use.

Firefighting measures

Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions.

Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire.

Protective equipment: Wear self-contained respiratory protective device. Wear fully protective suit.
